LEAVES

Leaves come in a wide variety of shapes. Even if you don't recognize which trees they're from, you wouldn't mistake an oak leaf for a pine needle, or a weeping willow leaf for one from a maple. There are even differences among leaves in different types of the same tree. Yet despite all their differences, all leaves have the same purpose: to make food for the tree, using water, light, and carbon dioxide. Without all three of these things, the tree cannot grow or even live.

A church is like a tree, and its members are like leaves. Without their constant donations of time, talent, and treasure, the church will soon suffer and may not survive. However, with careful stewardship, the church will flourish. And a healthy church, like a healthy tree, will benefit others. It can be a source of food, shelter, and inspiration, too. Remember this as you decide how you can provide your time, talent and resources to make the "tree" flourish.
